Rate Card

25 March 2024

Delivering for your business

This Rate Card covers our three International Parcel services, which are:

- Tracked
- Signed
- Untracked

What is International Business Tracked?

International Business Tracked is a fully tracked service from posting to delivery overseas with the following options

- Signature depending on location
- Maximum weights up to 30kg dependent on service/country, see Appendix A on page 13
- Delivery options e.g. DDU/IOSS/PDDP dependent on country, see Appendix B on page 14

What is International Business Signed?

International Business Signed is a signed for service where a signature is taken when the item is delivered overseas. All items are tracked until they leave the UK.

What is International Business Untracked?

International Business Untracked (also known as International Standard) is an untracked service.

Pricing your mail items

There are three easy steps to calculate your postage cost:

- Multiply the number of items by the price per item for each format per service (where applicable)
- Multiply the total weight (excluding the bag weight) by the price per kg for each format per service (where applicable)
- Add the above together.

Please note: Surcharges and correction charges might affect your pricing. To check the charges that may apply please visit royalmail.com/surcharges
