

# Software Suppliers List

## 28 Jun 2022

The companies on this list market systems that have been tested and validated by Royal Mail. They are not Royal Mail Recommended suppliers.

We recommend that you obtain full quotes for work from any supplier you may contact. Questions you may like to ask suppliers include:

- How long will the work take?
- How much will it cost?
- Will I have to pay for updates? (The Royal Mail Selection Files are updated every 12-18 months and are distributed free of charge by Royal Mail. However, some suppliers re-format the Database and charge customers for performing the update.)
- Will training be given?
- What level of technical support will I receive?

We stress that any agreement you reach is between you and the supplier, but would like to hear from you if you have any comments about the list.

This list is organised into four sections:

- The main list has a detailed entry for each product, listed in alphabetical order of supplier. Please note that the last date tested is in brackets after each product name.
- The Bureau index lists those suppliers offering bureau services, in alphabetical order of supplier, indicating which services are offered.
- The Software index lists those suppliers offering software packages, in alphabetical order of Operating System and supplier, again indicating which services are supported.

We issue an updated edition of the Software Suppliers List each month. If you wish to ensure that you have the most up to date list, please contact your nearest Royal Mail Sales Centre on 08457 950950. Alternatively the list is available from our website: [www.royalmailtechnical.com](http://www.royalmailtechnical.com)

## **AFD Software Ltd**

<i>Address:</i>	Mountain View Innovation Centre, Jurby Road, Lezayre, Ramsey, ISLE OF MAN, IM7 2DZ
<i>Telephone:</i>	01624 811711
